Convenient and hygienic waste bins with sensor allow contactless waste disposal into closed containers, which is particularly necessary under strict hygiene guidelines.

- Waste bin for contactless operation via sensor technology
- Opens by a motion sensor and closes automatically, alternatively manually operated via Open/Close keys
- Removable inner bin with handle and bag fixing
- Removable lid for easy emptying
- Soft-Close function of the lid
- Carrying opening at the back of the waste bin
- Stainless steel outer body with a fingerprint-proof coating
- Non-slip base and square shape for space-saving placement
- Requires 4 AA or AAA batteries (not included)
- Capacity: 12 litres
