STUDIO[®]
PRINTS

Stone

Studio Prints collections are a contemporary take on traditional studio pottery. Stone, a range within the collection is inspired by the traditional process of hand carving ceramics from natural stone. Manufactured in the UK, Studio Prints inspired designs are achieved with Churchill's innovative print process. The print is positioned directly under the glaze, creating a protective layer over the decoration. Emulating tones and textures of nature, Studio Prints Stone has all the durability and technical reassurance required for the hospitality environment.

MADE IN ENGLAND

CHURCHILL[®] super vitrified

Reactive texture through print

Nature has a timeless influence over design. Studio Prints Stone is directly inspired by the textures and tones of natural stone and the traditional process of hand carving ceramics, emulating an authentic, raw appearance.

Natural Tones

Natural tones are the ideal platform for stunning food presentation. Studio Prints Stone is available in three stunning colours, Agate Grey, Zircon Brown and Quartz Black; the perfect neutral tones to showcase creative cuisines. Stone is also designed to complement a range of other Churchill collections for mix and match tabletop displays.

CHURCHILL®
super vitrified

FEATURES & BENEFITS

Super Vitrified Body

Super Vitrified is a vitreous body that does not absorb moisture, it is more hygienic and has better heat retention properties. Its high resistance to thermal shock helps reduce breakages and provides superior strength.

Superior Glaze Finish

Protected by our ecoglaze, a high performance glaze that enhances product performance, prolonging the life of the product, improving stain and metal mark resistance and durability.

Underglaze Decoration

Stone designs are printed underglaze, this creates a protective layer to add lasting durability and improve performance during service use. Each piece is unique as the reactive print acquires its beautiful colour through random, spontaneous effects.

Fully Glazed Base on all Flatware

Prevents damage when stacking.

5 Year Edge Chip Warranty

Covered by our 5 Year Edge Chip Warranty.
